Programs and Services For Pupils in High Poverty
And in High Need School Districts

2414- PROGRAMS AND SERVICES FOR PUPILS IN HIGH POVERTY AND IN HIGH NEED SCHOOL DISTRICTS

High poverty school districts are required to provide programs and services that address class size and Kindergarten programs. High need school districts are required to provide programs and services that focus on improving instruction in literacy and mathematics.

A high poverty school district for the purposes of this policy means a school district in which forty percent or more of the pupils are “at risk” as defined in N.J.S.A. 18A:7F-45. Class size in high poverty school districts shall not exceed twenty-one pupils in grades Kindergarten through three, twenty-three pupils in grades four and five, and twenty-four pupils in grades six through twelve. However, if the district chooses to maintain lower class sizes in grades Kindergarten through three, class sizes in grades four and five may be equal but not exceed twenty-five pupils. Exceptions to these class size requirements are permitted for some physical education and performing arts classes, where appropriate. High poverty school districts shall maintain all existing full-day Kindergarten programs with a teacher's aide for each classroom. Class size for these Kindergarten classrooms shall not exceed twenty-one pupils.

High need school districts for the purpose of this policy are high poverty school districts that are below proficiency levels on State assessments as outlined in N.J.A.C. 6A:13-3.3(a). The New Jersey Department of Education shall identify the list of high need school districts based on State assessment results and shall promptly notify the districts that are classified as high need. In the first school year immediately following such identification as a high need school district, the district shall begin planning for implementation of, and shall implement where possible, the designated program(s). In the subsequent year following identification as a high need school district, the district shall fully implement the designated program(s). High need school districts, once identified, shall remain in that status and shall continue to implement the designated program(s) for a minimum of three years.

High need school districts where less than eighty-five percent of total pupils have achieved proficiency in language arts literacy on the New Jersey Assessment of Skills and Knowledge (NJ ASK) 3 shall provide an intensive early literacy program for preschool to grade three to ensure that all pupils achieve proficiency on State standards in accordance with the requirements of N.J.A.C. 6A:13-3.4(a).

High need school districts where less than eighty percent of total pupils have achieved proficiency in language arts literacy on the NJ ASK 8 shall implement an

intensive literacy program for grades four through eight in accordance with the requirements of N.J.A.C. 6A:13-3.4(b).

High need school districts where less than eighty percent of total pupils have achieved proficiency in language arts literacy on the high school State assessment shall implement a language arts literacy program aligned with college preparatory English I, II, III, and IV for grades nine through twelve that incorporates the elements in N.J.A.C. 6A:13-3.4(b) with the exception of providing a double period of language arts literacy.

High need school districts in which less than eighty-five percent of total pupils have achieved proficiency in mathematics on the NJ ASK 4 shall implement a comprehensive program for mathematics education that prepares pupils in grades three through four for success in higher order mathematics including the components as outlined in N.J.A.C. 6A:13-3.5(b).

High need school districts where less than eighty percent of total pupils have not achieved proficiency in mathematics on the NJ ASK 8 shall implement a comprehensive program for mathematics education that prepares all pupils in grades five through eight for success in Algebra at the high school level and that incorporates the elements in N.J.A.C. 6A:13-3.5(b).

High need school districts where eighty percent or more of total pupils have not achieved proficiency in mathematics on the high school State assessment shall implement a comprehensive program for mathematics education for grades nine through twelve which incorporates the elements in N.J.A.C. 6A:13-3.5(b) and that is aligned to course expectations as required to meet graduation requirements.

Managing Electronic Mail

8311- MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

“Public records” mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Managing Electronic Mail

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

Family Education Rights and Privacy Act

8335- FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult pupils certain rights with respect to the pupil's education records. FERPA requires the district to provide parents and adult pupils the right to inspect and review the pupil's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the pupil's education records the parent or adult pupil believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the pupil's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of pupil records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult pupil's consent to officials of another school district in which a pupil seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult pupil of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult pupil has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education Policy 8330 ensures parents and adult pupils are afforded certain rights with respect to the pupil's education records as required by FERPA.
