

ATHLETIC ELIGIBILITY - HIGH SCHOOL

The Board recognizes the importance of the interscholastic athletic program at the secondary school level.

The requirements for eligibility shall be as follows:

To be eligible during the Fall and Winter sport seasons a student must pass 25% of the State requirement for graduation which is 92 credits; therefore, a student in grade 10, 11, or 12 must pass 23 credits at the conclusion of the second semester of the preceding school year. Courses successfully completed during summer school may also be applied to satisfy this requirement.

To be eligible for the Spring Sport Season, a student must be passing $12\frac{1}{2}\%$ of the State requirement (or $11\frac{1}{2}$ credits) at the conclusion of the first semester. This applies to all students including those in grade 9.

If a student is eligible at the start of a sports season, he/she remains eligible for that entire sports season regardless of his/her grades at the end of a marking period.
