Board of Education Nutley

COMMUNITY

COMMUNITY RELATIONS

The Board of Education feels it imperative that communication be maintained in both directions between the public schools of this district and such local institutions, organizations, and groups as industry, business, labor, charity and other special interests which make up the structure of the community.

The Board, in providing a basic educational program for children of school age, cooperates with certain other agencies such as the Town Recreation Department which operates in the school district to provide services beyond the Board's basic program. The Board also authorizes its administrators to cooperate with the Nutley Civilian Defense authorities in establishing procedures for the dispersal of its pupils and providing air raid shelters.

The Superintendent shall consult with representatives of the community in the development of educational goals for the district, objectives and standards for the educational program, and the family life education curriculum. The Board encourages the involvement of community members in the governance of the district through advisory committees, in accordance with Board Policy No. 910 (9140).
