INSERVICE 1990-91

Pursuant to element 6: indicator 6 - staff development program, please note and find below:

1. Our Superintendent's Advisory Report. This document culminated in the planning, discussion, and proposed selected items for 1990/91. It will continue to develop activities this year that will include:
 - a. Districtwide articulation meetings
 - b. Courses from Jersey City State College (attachment)
 - c. Inservice (see below)
2. A Chemical Health Education committee will be meeting on Saturdays to again provide inservice and training for instruction.
3. Computer education inservice will be conducted on September 15.
4. IKE grant monies will be utilized to inservice science faculty.
5. FDU Institutes will be continued (see attached)
6. Scores of faculty will be involved in attending conferences/seminars in writing, computers, math, reading, science, etc.
7. Our MAPS program will conclude this year (attached).
8. The RCSU workshop attendance will be continued as usual.
9. N.A.M.E. inservice will expand as we participate in this Wayne, NJ consortium.
10. Instructional Theory Into Practice inservice will be conducted on September 8.
