Evaluation of Superintendent

1240- EVALUATION OF SUPERINTENDENT

The Board of Education will annually evaluate the performance of the Superintendent in order to assist both the Board and the Superintendent in the proper discharge of their responsibilities and to enable the Board to provide the district with the best possible leadership.

The objective of the Board's evaluation will be to promote professional excellence and improve the skills of the Superintendent, to improve the quality of education received by the pupils of this district, and to provide a basis for the review of the Superintendent's performance.

The Superintendent shall be evaluated annually by the Board. The Board may choose to be assisted or advised by a consultant. The evaluation will be based on the job description for the position of Superintendent and this policy. The evaluation procedures in this policy and the job description and any revisions thereto will be adopted by the Board after consultation with the Superintendent.

This policy will be delivered to the Superintendent upon its adoption, and any amendment to this policy will be developed and adopted by the Board after consultation with the Superintendent. This policy and/or any amendments to this policy will be delivered to the Superintendent within ten working days after its adoption.

Evaluation Criteria

Criteria for the evaluation of the Superintendent will be based upon the Superintendent's job description and will relate directly to each of the tasks described. Each criteria will be brief and will focus on a major function of the position, be based on observable information rather than on factors requiring subjective judgment, and be written in a consistent format.

The Board shall develop and approve criteria for the evaluation of the Superintendent. Evaluation criteria will be reviewed as necessary and as requested by the Superintendent, but not less than annually and upon any revision of the Superintendent's job description. Evaluation criteria will be adopted before July 1 of each year. Any proposed revision of the evaluation criteria will be provided to the Superintendent for his/her comments before its adoption, and a copy of the adopted revision shall be provided the Superintendent within ten working days of its adoption.

Collection and Reporting of Evaluation Data

Data for the evaluation of the Superintendent will be gathered by any one or more of the following methods: direct observation, review of a document produced in the performance of the Superintendent's assigned duties; interviews with the Superintendent regarding his/her knowledge of assigned duties; paper and pencil instruments (such as competency tests, staff surveys, and the like); audio-visual monitoring of the Superintendent in the performance of his/her assigned duties; and reference to previous performance reports.

The Superintendent shall be observed in the performance of his/her assigned duties at least once annually.

Preparation Plan for Professional Growth and Development

An individual plan for professional growth and development shall be prepared annually, and before July 1 of each year in cooperation with the Superintendent and will include areas of required growth, methods of achieving that growth, a schedule for implementation, and the responsibility of the Superintendent and Board for implementing the plan. The plan will derive from applicable evaluation criteria and focus on critical areas of professional growth.

A copy of the plan for professional growth and development will be placed in the annual performance report. The degree to which the Superintendent achieved the requirements of the previous plan will be a measure of his/her annual performance evaluation.

It will be the duty of the Superintendent to implement the plan as prepared; his/her failure to do so may result in disciplinary action up to and including certification of tenure charges.

Conduct of Annual Performance Conference

An annual summary conference shall be conducted between the Board, with a majority of the total membership of the Board and the Superintendent before the annual performance report is filed. The conference will be held in private, unless the Superintendent requests that it be held in public.

The purpose of the annual performance conference will be to provide for a total review of the year's work, to identify strategies for improvement where necessary, and to recognize achievement and good practice. Adequate time will be allotted for the conference in order to cover the required topics of discussion and to permit a full exploration of the possible solutions to any problems identified.

Preparation of Annual Performance Report

An annual written performance report shall be prepared, no later than April 30, by a majority of the full membership of the Board. The report will include, but need not be limited to, performance areas of strength; performance areas needing improvement based on the job description and evaluation criteria; the plan for professional growth and development prepared by the Superintendent and the Board; a summary of available indicators of pupil progress and growth and a statement of how these indicators relate to the effectiveness of the overall program and the performance of the Superintendent; and provision for performance data that have not been included in the report prepared by the Board to be entered into the record by the Superintendent within ten working days after the completion of the report.

The annual performance report will be signed by the Board President at the time of the conference and by the Superintendent within five working days of the conference. It will be filed in the Superintendent's personnel file, and a copy will be provided to the Superintendent.

Conduct of Reduction in Force

3146- CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy No. 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a non-tenured teaching staff member is employed. When two or more non-tenured teaching staff members are employed within the category affected by a reduction in force, the non-tenured teaching staff member(s) shall be retained in that category who has the greater seniority.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has the greater seniority in the district at large.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

The Board of Education believes that the educational goals of this district are best implemented by a pupil's exposure to the entire educational program and that every pupil enrolled in this district should be encouraged to complete the program of instruction appropriate to his/her needs. No pupil below the age of sixteen will be permitted to withdraw from school.

For districts with elementary school(s)

The Superintendent shall alert teaching staff members to identify those pupils who may consider eighth grade graduation the termination of their education. Any pupil who indicates that he/she may drop out of school before entry to the ninth grade should be reported to the Building Principal and be provided with counseling.

For districts with secondary school(s)

The Board directs that efforts be made to determine the underlying reason for a pupil's decision to withdraw from school before the completion of the instructional program. A potential dropout pupil will be offered counseling and an opportunity to plan an instructional program appropriate to his/her career goals. No pupil under the age of eighteen will be permitted to withdraw without the written consent of the pupil's parent(s) or legal guardian(s).

Counseling services and information regarding high school equivalency programs will be made available to any pupil sixteen years of age or older who decides to withdraw from school before completion of the requirements for a diploma. 5230- LATE ARRIVAL AND EARLY DISMISSAL

The Board of Education requires that pupils be in attendance for the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a pupil be late to school or dismissed from school before the end of the school day.

The Principal may excuse for cause the late arrival and early dismissal of a pupil on the prior written request of the pupil's parent(s) or legal guardian(s). Good cause may include, but need not be limited to, medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, and court appearances.

Pupils in grade(s) nine through twelve who are assigned to a last period study hall may be excused for that period provided the pupil's parent(s) or legal guardian(s), or the adult pupil has given prior notice to the Principal and provided the excused pupil leaves the school grounds.

No pupil in grades kindergarten through eight will be permitted to leave the school before the end of the school day except in the presence of the pupil's parent(s) or legal guardian(s), or an agent of the parent(s) or legal guardian(s) who has written authorization, or in the custody of agents of the state acting in their legal capacity.

The Principal shall maintain a record of the parent(s) or legal guardian(s) of each pupil. If one parent has been assigned custody of the pupil by court order or separation agreement and wishes to limit the noncustodial parent's access to the pupil, the parent in custody must inform the Principal of any such limitation and may request that his/her authorization be required before the noncustodial parent is granted access. In the absence of such notice, the Principal will presume that a pupil may be released into the care of either parent.

A pupil who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

6340- MULTIPLE YEAR CONTRACTS

The Board of Education may enter a multiple year contract for goods and services permitted by law whenever the extended contract will serve the needs of the district and yield greater return for the expenditure.

Investigation should include, but need not be limited to, a comparison of the costs of multiple year and single year contracts, an analysis of trends in the costs and availability of the goods or services to be provided, the projected needs of the district, and an inquiry into the reliability and stability of the vendor.

Except for those contracts exempted from the requirement by law, all multiple year contracts will contain a cancellation clause or a clause conditioning annual extension of the contract on the appropriation of sufficient funds to meet the Board's obligation.

The Board of Education will cooperate, whenever appropriate and feasible, with organizations and individuals conducting bona fide educational research involving pupils enrolled in the schools of this district.

All educational research by persons other than district employees must be approved in advance by the Board. A written application for approval must state the purpose of the research, the specific ways in which pupils will be involved, the estimated duration of the project, the persons who will conduct the research project and their relevant affiliations, and any possible benefits to pupils or to the school district. Approval will be granted only to those projects that will serve the interests of pupils and the educational program; approval will not be granted to projects that will impede or significantly disrupt the instructional program approved by the Board.

Parent(s) or legal guardian(s) will be informed of any educational research project that involves their children and may request the removal of their children from the project.

The conduct of research activities must rigorously protect pupils' privacy. Approved researchers may be given access to pupil records in accordance with rules of the State Board of Education and Board Policy No. 8330, but shall not abuse this privilege by using information in any way that may embarrass or harm individual pupils or their families. The Board must be satisfied that strict standards of anonymity and confidentiality will be observed.
