

5535 PASSIVE BREATH ALCOHOL SENSOR DEVICE

[See **POLICY ALERT No. 175**]

The Board of Education recognizes that a student's abuse of harmful substances seriously impedes that student's education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take additional necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances.

In keeping with its commitment to protect all students and the school community from the harm of alcohol use, the Board of Education authorizes the use of a passive breath alcohol sensor device (PBASD) in certain circumstances. A PBASD enables school district staff to check an approximate alcohol level quickly and efficiently without requiring the student's active participation. A PBASD may be used in certain circumstances as defined in this Policy and as determined by the Building Principal or designee or the staff member(s) in charge of a school related or school sponsored event or activity. The purpose for using a PBASD is to protect students who may be under the influence of alcohol, other students, staff, and community members attending such events and to deter the use of alcohol by students.

The Board authorizes PBASD screening before, during, and after school activities/events including, but not limited to: dances, athletic events, proms, class trips, drama productions, graduation ceremonies, or school assemblies when the Building Principal or designee has reason to believe the use of alcohol by students may be present. When it is determined a PBASD will be used, every student or student participating in such event will be screened or the Building Principal or designee may determine to have students screened on a random basis (i.e. every fourth student entering an event).

If the PBASD screening indicates the presence of alcohol on a student, a second screening will be conducted. If the second screening indicates the presence of alcohol on a student, the matter shall be reported to the Building Principal or designee and the certified or noncertified school nurse, or the school physician according to the reporting, notification, and examination requirements of N.J.S.A. 18A:40A-12, N.J.A.C. 6A:16-4.3, and Policy and Regulation 5530 - Substance Abuse.

In addition, a PBASD may be used to screen a student upon a report to the Building Principal or designee certified or noncertified school nurse, or the school physician if an educational staff member or other professional believes a student may be currently under the influence of alcohol on school property or at a school function provided an adult student and/or the student's parent/legal guardian consents to such screening. Notwithstanding the results of the PBASD screening under these circumstances, the Building Principal or designee must comply with the reporting, notification, and examination procedures of N.J.A.C. 6A:16-4.3 and Policy and Regulation 5530 - Substance Abuse.

A PBASD will only be used in accordance with the guidelines of this Policy. The Building Principal or designee shall be responsible for the proper training of school staff members in the use of the PBASD in accordance with the manufacturer's specifications.

The Board of Education believes that the right of persons to smoke must be balanced against the right of nonsmokers to breathe air untainted by tobacco smoke.

For purpose of this Policy, “smoking” means the burning of, inhaling from, exhaling the smoke from, or the possession of a lighted cigar, cigarette, pipe, or any other matter or substance which contains tobacco or any other matter that can be smoked, including the use of smokeless tobacco and snuff, or the inhaling or exhaling of smoke or vapor from an electronic smoking device.

For the purpose of this Policy, “electronic smoking device” means an electronic device that can be used to deliver nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, cigarillo, or pipe.

For the purpose of this Policy, “school buildings” and “school grounds” means and includes land, portions of land, structures, buildings, and vehicles, owned, operated, or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and other central facilities including, but not limited to, kitchens and maintenance shops. “School buildings” and “school grounds” also includes athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. “School buildings” and “school grounds” also includes other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

In accordance with N.J.S.A. 26:3D-58 and N.J.A.C. 8:6-7.2, the Board prohibits smoking at all times anywhere in school buildings or on school grounds.

Notwithstanding any provision of this Policy, smoking by students is prohibited and governed by Policy No. 5533.

A sign indicating smoking is prohibited in school buildings and on school grounds will be posted at each public entrance of a school building in accordance with law. The sign shall also indicate

violators are subject to a fine. Students and district employees who violate the provisions of this Policy shall be subject to appropriate disciplinary measures and may be subject to fines in accordance with law.

The Principal or designee may order the departure and removal of any person who continues to smoke in violation of this Policy and the law after being ordered to stop smoking in school buildings or on school grounds. The Principal or designee may request the assistance of law enforcement to accomplish this departure and removal.

In the event a person is found to have violated this Policy and the law, the Principal or designee may file a complaint with the appropriate Municipal Court or other agency with jurisdiction as defined in N.J.A.C. 8:6-9.1(c).

The Board of Education will comply with any provisions of a municipal ordinance which provides restrictions on or prohibitions against smoking equivalent to, or greater than, those provided in N.J.S.A. 26:3D-55 through N.J.S.A. 26:3D-63.
