## ELIGIBILITY OF RESIDENT/NONRESIDENT STUDENTS

The Board of Education shall not condition enrollment on the receipt of information or documents protected from disclosure by law, or pertaining to criteria that are not a legitimate basis for determining eligibility to attend school as outlined in N.J.A.C. 6A:22-3.4(d). The Board of Education may consider, in a manner consistent with Federal law, documents or information referenced in N.J.A.C. 6A:22-3.4(d) or pertinent parts thereof if voluntarily disclosed by the applicant. The Board of Education may not, directly or indirectly, require or request such disclosure as an actual or implied condition of enrollment. However, in the case of a dispute between the school district and the parent or guardian of a student in regard to the student's eligibility to enroll in the school district or to remain enrolled in the school district pursuant to the provisions of N.J.S.A. 18A:38-1, the school district may request from the New Jersey Motor Vehicle Commission the parent or guardian's name and address for use in verifying a student's eligibility for enrollment in the school district in accordance with the provisions of N.J.S.A. 18A:38-1.3.

### Registration Forms and Procedures for Initial Assessment

Registration and initial determinations of eligibility will be in accordance with N.J.A.C. 6A:22-4.1. The Board of Education shall use Commissioner-provided registration forms or locally developed forms that are consistent with the forms provided by the Commissioner. A district-level administrator designated by the Superintendent shall be clearly identified to applicants and available to assist persons who experience difficulties with the enrollment process.

Initial eligibility determinations shall be made upon presentation of an enrollment application, and enrollment shall take place immediately except in cases of clear, uncontested denials. Enrollment shall take place immediately when an applicant has provided incomplete, unclear, or questionable information, but the applicant shall be notified that the student will be removed from the school district if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2.

When a student appears ineligible based on the information provided in the initial application, the school district shall issue a preliminary written notice of ineligibility, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the district's determination and an intent to appeal to the Commissioner of Education. before the Board, if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.

When enrollment is denied and no intent to appeal is indicated, applicants shall be advised they shall comply with compulsory education laws. When the student is between the ages of six and sixteen, applicants also shall be asked to complete a written statement indicating the student will be attending school in another school district or nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the absence of this written statement, designated staff shall report to the school district of actual domicile or residence, or the Department of Children and Families, a potential instance of “neglect” for the purposes of ensuring compliance with compulsory education law, N.J.S.A. 9:6-1. Staff shall provide the school district or the Department of Children and Families with the student’s name, the name(s) of the parent/guardian/resident, and the student’s address to the extent known. Staff shall also indicate admission to the school district has been denied based on residency or domicile, and there is no evidence of intent to arrange for the child to attend school or receive instruction elsewhere.

Enrollment or attendance at the school shall not be conditioned on advance payment of tuition when enrollment is denied and an intent to appeal is indicated, or when enrollment is provisional and subject to further review or information. The Board of Education shall ensure the registration process identifies information suggesting an applicant may be homeless so procedures may be implemented in accordance with N.J.A.C. 6A:17-2, Education of Homeless Children. Enrollment or attendance in the school district shall not be denied based upon the absence of the certified copy of the student’s birth certificate or other proof of a student’s identity as required within thirty days of initial enrollment, pursuant to N.J.S.A. 18A:36-25.1.

Enrollment in the school district shall not be denied based upon absence of student medical information. However, actual attendance at school may be deferred until the student complies with student immunization rules set forth in N.J.A.C. 8:57-4.

When enrollment in the school district, attendance at school, or the receipt of educational services in the regular education program appears inappropriate, the student shall not be denied based upon the absence of a student’s prior educational record. However, the applicant shall be advised the student’s initial educational placement may be subject to revision upon the school district’s receipt of records or further assessment of the student.

When a student who is enrolled and attending school based on an initial eligibility determination is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board of Education for the student's removal in accordance with the provisions of N.J.A.C. 6A:22-4.3. No student shall be removed from school unless the parent, guardian, adult student, or resident keeping an "affidavit student" (as defined in N.J.A.C. 6A:22-1.2) has been informed of his or her entitlement to a hearing before the Board of Education. Once the hearing is held, or if the parent, guardian, adult student or resident keeping an "affidavit student", does not respond within the designated time frame to the Superintendent's notice or appear for the hearing, the Board of Education shall make a prompt determination of the student's eligibility and shall immediately provide notice in accordance with N.J.A.C. 6A:22-4.2. Hearings required pursuant to N.J.A.C. 6A:22-4.3 may be conducted by the full Board or a Board Committee, at the discretion of the full Board. If the hearing(s) is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. Tuition will be assessed and calculated in accordance with N.J.A.C. 6A:22-6.3 et seq. If an appeal to the Commissioner is filed and the petitioner does not sustain the burden of demonstrating the student's right to attend the school district, or the petitioner withdraws the appeal, fails to prosecute, or abandons the appeal by any means other than settlement agreeing to waive or reduce tuition, the Commissioner may assess tuition in accordance with the provisions of N.J.A.C. 6A:22-6.2(a). Upon the Commissioner's finding that an appeal has been abandoned, the Board of Education may remove the student from school and seek tuition in accordance with N.J.A.C. 6A:22-6.2.

### Nonresident Students

### 5116 EDUCATION OF HOMELESS CHILDREN

The Board of Education will admit and enroll homeless children in accordance with State laws and New Jersey Administrative Code. The Board of Education adopts this policy to be in compliance with law and Code to ensure the enrollment of homeless children in school and to respond to appeals made by parent(s) or legal guardian(s) or other parties related to their enrollment.

The district will determine a child is homeless when he or she resides in a publicly or privately operated shelter designed to provide temporary living accommodations, including: hotels or motels; congregate shelters, including domestic violence and runaway shelters; transitional housing; and homes for adolescent mothers. A child is also determined homeless when he or she resides in a public or private place not designated for or ordinarily used as a regular sleeping accommodation, including: cars or other vehicles excluding mobile homes; tents or other temporary shelters; temporary shelters provided to migrant workers and their children on farm sites; and the residence of relatives or friends with whom the homeless child is temporarily residing out of necessity because the family lacks a regular or permanent residence of its own.

The district of residence for a homeless child is responsible for the education of the child and will assume all responsibilities as required in N.J.A.C. 6A:17-2.4 et seq. The district of residence is the district in which the parent(s) or legal guardian(s) last resided prior to becoming homeless. The district liaison for the education of homeless children is the Director of Special Services. The liaison will facilitate communication and cooperation between the district of residence and the district where the homeless child is temporarily residing and will develop procedures to ensure that a homeless child temporarily residing in the district is enrolled and attending school pursuant to N.J.A.C. 6A:17-2.6.

When a homeless child is living temporarily in the school district, the district liaison, upon receiving notification from the parent(s) or legal guardian(s), the Department of Human Services, a shelter director, an involved agency, or a case manager, will notify the liaison of the district of residence within twenty-four hours of the notification. Upon notification of the need for enrollment of a homeless child, the liaison in the district of residence will coordinate enrollment procedures immediately based upon the best interest of the child pursuant to N.J.A.C. 6A:17-2.6(b).

### 5830 STUDENT FUND RAISING

The Board acknowledges that the solicitation of funds from students must be limited since compulsory attendance laws make the student a captive donor and since such solicitation may disrupt the program of the schools.

For purposes of this policy "student fund raising" shall include the solicitation and collection of money by students for any purpose and shall include the collection of money in exchange for tickets, papers or any other goods or services.

The Board prohibits the collection of money in school or on school property or at any school-sponsored event by a student for personal benefit. Fund raising by approved school organizations may be permitted by the building principal. Collections of money by approved school organizations off school grounds may also be permitted by the school principal.

The Board does not endorse or encourage any fund raising activity that involves door-to-door solicitations.

When the Nutley Public School students participate in a school sanctioned or school-sponsored program directed by school personnel, all proceeds shall be turned over to the school sponsoring or sanctioning the event.

## 6115.03 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – CONFLICT OF INTEREST

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.318 – General Procurement Standards addresses standards of conduct covering conflict of interest and governs the actions of school district employees, officers, and agents in the selection, award, and administration of contracts supported by a Federal award.

The Board of Education must use its own documented procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to the applicable Federal law and the standards identified in 2 CFR §200.

The Board of Education must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

The Board of Education must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts supported by a Federal award.

1. No employee, officer, or agent of the Board of Education may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest.
  - a. Such a conflict of interest would arise when a Board of Education employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

### Federal Awards/Funds Internal Controls – Conflict of Interest

2. The Board of Education officers, employees, and agents must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
3. However, a Board of Education may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value.
4. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

The Board of Education's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal government, the Board of Education is encouraged to enter into State and local intergovernmental agreements or inter-entity agreements where appropriate for procurement of use of common or shared goods and services.

The Board of Education is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

The Board of Education is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

The Board of Education must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. (See also 2 CFR §200.213 – Suspension and Debarment).

### Federal Awards/Funds Internal Controls – Conflict of Interest

The Board of Education must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

The Board of Education may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to a Board of Education is the sum of:

1. The actual cost of materials; and
2. Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since the time and material formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the Board of Education awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

The Board of Education alone must be responsible, in accordance with good administrative practice and sound business judgement, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the Board of Education of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgement for that of the Board of Education unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

The Board of Education and its employees shall be required to comply with all New Jersey statutes and administrative codes regarding school ethics and internal controls.

Any vendor providing goods or services to the school district to be funded by a Federal grant must be cleared for contract in accordance with the provisions of the Federal Acquisition Regulations (FAR) Subpart 9.4 – Debarment, Suspension, and Ineligibility.

The School Business Administrator/Board Secretary shall be responsible to check the web-based Excluded Parties Lists System (EPLS) maintained by the General Services Administration (GSA). The purpose of the EPLS is to provide a single comprehensive list of individuals and firms excluded by Federal government agencies from receiving Federal contracts or Federally approved contracts or Federally approved subcontracts and from certain types of Federal financial and nonfinancial assistance and benefits.

The School Business Administrator/Board Secretary, upon opening of bids or upon receipt of proposals for goods or services to be funded by a Federal grant shall review the EPLS to determine if the vendor has been disbarred, suspended, or proposed for disbarment. The School Business Administrator/Board Secretary shall also review the EPLS list immediately prior to the award of a bid or contract to ensure that no award is made to a vendor on the list.

In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the EPLS list or proposed for disbarment, the School Business Administrator/Board Secretary shall comply with the contracting restrictions as outlined in FAR Subpart 9.405.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the EPLS list or proposed for disbarment shall be in accordance with the limitations as outlined in FAR Subparts 9.405.1 and 9.405.2.

Any rejection of a bid or disqualification of a vendor who has been disbarred, suspended, or proposed for disbarment shall be consistent with the requirements as outlined in N.J.S.A. 18A:18A – Public School Contracts Law and all applicable State laws.
