1648.14 SAFETY PLAN FOR HEALTHCARE SETTINGS IN SCHOOL BUILDINGS – COVID-19

A. Purpose and Scope

The Board of Education is committed to providing a safe and healthy workplace for all employees and has adopted this Policy that shall be the school district's COVID-19 Plan (Plan) that includes procedures to minimize the risk of transmission of COVID-19, in accordance with Occupational Safety and Health Act of 1970 (OSHA) COVID-19 Emergency Temporary Standard (ETS) published on June 21, 2021. The ETS, 29 CFR §1910 - Subpart U, applies to all settings where any school district employee or contracted service provider provides healthcare services or health care support services. Public Employees' Occupational Safety and Health (PEOSH), the agency with jurisdiction over public employers in New Jersey, has adopted the ETS in full. However, its applicability for school districts is primarily restricted to the nurse's office and any adjoining clinical areas and not the entire school building.

The Board, administration, and the COVID-19 Safety Coordinator(s) will work collaboratively with all employees in the development, implementation, monitoring, and updating of this Plan.

1. Definitions

- a. "Employee" means any district employee or contracted service provider working in a healthcare setting where people with suspected or confirmed COVID-19 are reasonably expected to be present.

- (1) Therefore, the provisions of the ETS and this Policy only apply to employees or contracted service

(1) Where a healthcare setting is embedded within a non-healthcare setting (i.e. school nurse's office and any adjoining clinical areas in a school building), the ETS and this Policy only apply to the embedded healthcare setting and not to the remainder of a school building in accordance with 29 CFR §1910.502(a)(3)(i).

c. For the purpose of this Policy, additional definitions shall be those definitions listed in 29 CFR §1910.502(b).

The school district has multiple healthcare settings that are substantially similar; therefore; has developed and adopted this single Plan for these substantially similar healthcare settings, with site-specific considerations included in this Plan. The healthcare settings in the school district are listed in Appendix 1.

a. Any school district health care settings that are not substantially similar, the school district shall develop and adopt separate COVID-19 Plans for each healthcare setting and list them in Appendix 1.

B. Roles and Responsibilities for School District Employees

1. The school district's goal in adopting this Policy is to prevent the transmission of COVID-19 in the school district's healthcare settings. All staff members are responsible for supporting,

POLICY GUIDE

complying with, and providing recommendations to further improve this Plan.

2. The Superintendent will designate a COVID-19 Safety Coordinator(s) who shall implement and monitor this Plan. The COVID-19 Safety Coordinator(s) shall have the school district's full support in implementing and monitoring this Plan, and has authority to ensure compliance with all aspects of this Plan.

4351 HEALTHY WORKPLACE ENVIRONMENT

[See **POLICY ALERT No. 188**]

The Board of Education recognizes a healthy workplace environment enables school support staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to
