NOTICE OF BOARD MEETINGS

0162 NOTICE OF BOARD MEETINGS

The Board of Education will give notice of all meetings in accordance with law.

Public Notice

The Board Secretary shall notify, in writing and no later than forty-eight hours in advance of the meeting, each Board member and each person who has duly requested such notification of the time, date, location, and, to the extent it is known, the agenda of any regular, special, or rescheduled meeting. Forty-eight hour notice shall also be posted in the Nutley Sun and TapintoNutley, delivered to two newspapers designated by the Board, and filed with the clerk of the Township of Nutley, except that forty-eight hour notice is not required where the time, date, and location of the meeting has been published in the annual list of meetings approved by the Board in accordance with law.

Upon the affirmative vote of three-quarters of the members present, the Board may meet in the absence of adequate notice, provided that discussion and action is limited to specific and unforeseen or unforeseeable matters of such urgency and importance that delay for the provision of notice would be likely to result in substantial harm to the public interest and that notice is given as soon as possible after the call of the meeting in accordance with the provisions of law and this bylaw.

Personal Notice of Meeting

The Board shall provide personal notice in writing to an adult student, the parent(s) or legal guardian(s) of a minor student, an employee or officer of this district, or a prospective employee whose privacy may be invaded or whose employment may be affected by the Board's deliberations in private session. Such personal notice will include the date and time of the private meeting, the subject or subjects scheduled for discussion at the private meeting, and the right of the individual given notice to request that the discussions be conducted at a public meeting. Personal notice will be given no less than 2 days in advance of the private meeting.

A written request for public discussion must be signed by the person making the request and must be submitted to the Board Secretary prior to the commencement of the meeting. A discussion held in public by reason of the written request of an individual will be conducted at a regularly scheduled meeting for which annual notice has been given or at a meeting for which adequate public notice has been given in accordance with law.

Nothing in this bylaw will permit an employee to request or the Board to grant the public discussion of tenure charges or permit the public disclosure of information regarding a disabled student.

QUORUM

0163 QUORUM

A quorum of the Board of Education shall consist of a minimum of 5 Board members, and no business shall be conducted in the absence of a quorum, except when the Doctrine of Necessity is invoked.

All Board meetings shall be called to commence not later than 8:00 p.m. of the designated day but, if a quorum is not present at the time for which the meeting is called, the Board member or Board members present may recess the meeting to a time not later than 9:00 p.m. of the same day. and, if a quorum be not present at that time, the member or members present may adjourn the meeting to commence not later than 8:00 p.m. of another day, but not more than seven days following the date for which the original meeting was called, but no further recess or adjournment of the meeting shall be made.

The Board of Education recognizes there may be matters that come before the Board or acts required of Board members in their official capacity where the Board member may have a conflict of interest or the act by a Board member would be in violation of N.J.S.A. 18A:12-24. In these matters, the Board member(s) shall remove themselves from any discussions, meetings (informal or formal), committee meetings, and/or a vote regarding the matter. The Board will consider this matter without the Board member(s) who has the conflict.

In the event a matter comes before the Board or an act is required of a Board member in their official capacity that is a conflict or would be in violation of N.J.S.A. 18A:12-24, the Board would still be required to have a quorum to consider the matter. However, the New Jersey Department of Education and the School Ethics Commission envisioned this prohibition could create a situation in which the number of conflicted Board members would prevent the Board to take action on a matter. Therefore, when more than a quorum of the Board members must abstain from voting on a matter due to a conflict or the act would be in violation of N.J.S.A. 18A:12-24, the Board will invoke the Doctrine of Necessity consistent with the New Jersey Department of Education and School Ethics Commission guidelines as follows:

0168 RECORDING BOARD MEETING

The Board of Education directs the creation and maintenance of an official record of the formal proceedings of the Board and will permit the unofficial recording of Board meetings in accordance with this Bylaw.

Minutes

The Board shall keep reasonably comprehensible minutes of all its meetings showing the time and place, the members present, the subject considered, the actions taken, the vote of each member, information sufficient to explain the actions taken, and any other information required to be shown in the minutes by law.

Minutes of public meetings shall be public records signed by the Board Secretary and filed in the Board Secretary's office in a minute book as the permanent record of the acts of this Board.

Minutes of executive meetings shall be filed in the Board Secretary's office in a place separate from the minute book until the time, if any, when the proceedings may be made public. At that time, the minutes shall be public records and shall be filed in the regular minute book.

The Board Secretary shall provide each Board member with a copy of the minutes prior to Board approval.

The Board Secretary or designee shall make of each Board meeting forty five days or until either summary or verbatim transcripts have been approved as minutes, whichever is longer, after which time they may be erased only if permission is granted by the New Jersey Department of State, Division of Archives and Record Management. All such recordings will be erased or destroyed in compliance with laws and rules for the destruction of public records.

RECORDING BOARD MEETING

The recording may not be able to be destroyed if a subject matter, vote, or Board action on the recording is the subject of litigation. The district will notify the New Jersey Division of Archives and Records Management when requesting permission that a recording be destroyed if the recording includes subject matter in litigation or the district will not request permission to destroy such recording if the subject matter is in litigation.

Recording by the Public

A member of the public may record the proceedings of a public meeting of the Board provided the audio or video recording process complies with reasonable guidelines as outlined in this Bylaw. These guidelines are adopted to ensure the recording of the public meeting does not interrupt the proceedings, inhibit the conduct of the meeting, or distract Board members or other observers present at the meeting.

The Board will permit the use of audio or video recording devices by members of the public to record public meetings.

Prior notice to audio or video record a public meeting is not required provided the person operates the recording device while sitting in the area designated by the Board for public seating. The recording of a meeting from this area shall not obstruct or distract any member of the public from observing and listening to the proceedings of the meeting. If the recording is obstructing the view or is distracting to members of the public, the presiding officer or designee will require the person recording the meeting to relocate to another area of the meeting room.

In the event a member of the public wants or needs to audio or video record a public meeting from an area other than the area designated for public seating, the person shall provide notice of such request to the Board Secretary in advance of the meeting. The Board Secretary or designee shall review the recording guidelines outlined in this Bylaw with the person requesting to record the meeting.

RECORDING BOARD MEETING

Any member of the public wanting to use a recording device from an area other than the area designated for public seating must be located and operated from inconspicuous locations in the meeting room as determined by the presiding officer or designee. Prior to the meeting, the presiding officer or designee will determine the location of each recording device so each video recording device can record the meeting with an unobstructed view and each audio recording device can record a meeting so the speakers and meeting proceedings can be properly recorded. The location of any recording device operated from an area other than the area designated for public seating will be in an area of the meeting room that is not distracting or obtrusive to Board members, members of the public, or the orderly operation of the meeting. Any recording device used outside the area designated for public seating shall be located within a similar distance from the Board as the public seating area. The presiding officer or designee shall determine when the number of recording devices used outside the area designated for public seating interferes with the conduct of a Board meeting and may order that an interfering recording device be removed or relocated.

Additional lighting shall not be used unless approved by the presiding officer or designee prior to the meeting. All recording devices and any related equipment must be battery operated or operational without the use of district electricity as the district will not permit such equipment to be connected to the school district's electrical service.

0169 **BOARD MEMBER USE OF ELECTRONIC MAIL/INTERNET**

The Board of Education is a public body as defined in the New Jersey Open Public Meetings Act, N.J.S.A. 10:4-6 et seq., and the Board and its members are required to comply with the provisions of this Act. It is the right of the public to be present at meetings of public bodies and to witness in full all phases of the deliberations, policy formulation, and decision-making. Board members acknowledge certain discussions between Board members, other than during a Board meeting, may be subject to the provisions of the Open Public Meetings Act.

The Board of Education is also subject to the Open Public Records Act, N.J.S.A. 47:1A-1 et seq. The Open Public Records Act requires public agencies/School Boards to make certain governmental records subject to public access. Board members may, by written and/or electronic mail (e-mail), communicate with each other and with certain school staff regarding the school district's public business. "Public business" means and includes all matters that relate in any way, directly or indirectly, to the performance of the public body's functions or the conduct of its business. Board members acknowledge these written communications may be classified as a governmental record and may be subject to public access pursuant to the Open Public Records Act.

In order to ensure the Board and/or individual Board members comply with the requirements of the Open Public Meetings Act and the Open Public Records Act, the following guidance is provided regarding certain discussions and written communications regarding the public business:

1. Written letters, e-mails, and supporting documents regarding school district matters written by Board members to other Board members or written by Board members to school staff, unless the subject matter is specifically exempt under the Open Public Records Law, are governmental records and are subject to public access. Based on the potential for improper/inappropriate disclosure and/or breach of confidentiality that may compromise the Board or Board member, these communications should not involve confidential matters, especially any matter the Board may discuss in executive/private session outside the presence of the public pursuant to the Open Public Meetings Act.
2. Written letters, internet (chat) discussions, e-mails, and supporting documents regarding the school district's public business written by Board members to other Board members shall not replace deliberations that would prevent the public from

witnessing in full detail all phases of the Board's deliberations, policy formulation, and decision-making process in accordance with the intent of the Open Public Meetings Act.

3. Internet (chat) discussions between Board members regarding the school district's public business shall not include multiple Board members with the potential that a quorum of the Board may be involved, or become involved, in such discussion.

In the event a Board member(s) fails to comply with the guidance of this Policy, the matter shall be referred to the Board President, who will meet and/or discuss the matter and this Policy with the Board member(s). LEGAL SERVICES (M)

0174 LEGAL SERVICES (M)

In accordance with N.J.A.C. 6A:23A-5.2, the Board of Education adopts this Policy and its strategies to ensure the use of legal services by employees and the Board of Education members and the tracking of the use of legal services.

The Board of Education authorizes the Superintendent of Schools, Superintendent of Schools' designee, School Business Administrator/Board Secretary, Board President as designated contact persons to request services or advice from contracted legal counsel.

The Board Secretary shall be responsible to review all legal bills and confer with designated contact persons in reviewing such legal bills.

In accordance with the provisions of N.J.A.C. 6A:23A-5.2(a)2, the Board designates the administrative staff member to review all legal bills and designates contact persons to ensure the prudent use of legal services.

School districts with legal costs that exceed one hundred thirty percent of the Statewide average per student amount should establish the procedures outlined in 1., 2., 3., and 4. below and, if not established, provide evidence such procedures would not result in a reduction of costs.

1. The designated contact person(s) shall ensure that contracted legal counsel is not contacted unnecessarily for management decisions or readily available information contained in district materials such as Board policies, administrative regulations, or guidance available through professional source materials.
2. All requests for legal advice shall be made to the designated contact person(s) in writing and shall be maintained on file in the district offices. The designated contact person shall determine whether the request warrants legal advice or if legal advice is necessary.
3. The designated contact person(s) shall maintain a log of all legal counsel contact including the name of the legal counsel contacted, date of the contact, issue discussed, and length of contact.
4. All written requests for legal advice and logs of legal counsel contacts shall be forwarded to the administrator responsible for maintaining district files of requests for legal advice and logs of legal counsel contacts who shall be responsible to review all legal bills and compare all legal bills to the contact logs and to investigate and resolve any variances.

Any professional services contract(s) for legal services shall prohibit advance payments. Services to be provided shall be described in detail in the contract and invoices for payment shall itemize

the services provided for the billing period. Payments to legal counsel(s) shall only be for services actually provided.

School districts and vocational school districts are prohibited from contracting with legal counsel or using in-house legal counsel to pursue any affirmative claim or cause of action on behalf of district administrators and/or any individual Board members or pursuing any claim or cause of action for which the damages to be awarded would benefit an individual rather than the school district as a whole.

The Board of Education will annually establish prior to budget preparation, a maximum dollar limit for each type of professional service, including legal services. In the event it becomes necessary to exceed the established maximum dollar limit for the professional service, the Superintendent of Schools shall recommend to the Board of Education an increase in the maximum dollar amount. Any increase in the maximum dollar amount shall require formal Board action.

Contracts for legal services will be issued by the Board in a deliberative and efficient manner that ensures the district receives the highest quality services at a fair and competitive price or through a shared service arrangement. This may include, but is not limited to, issuance of such contracts through a Request for Proposals (RFP) based on cost and other specified factors or other comparable processes. Contracts for legal services shall be limited to non-recurring or specialized work for which the district does not possess adequate in-house resources or in-house expertise to conduct.

CONTRACTS WITH INDEPENDENT CONSULTANTS

0175 CONTRACTS WITH INDEPENDENT CONSULTANTS

The Board of Education may from time to time engage the services of one or more independent contractors to advise and assist the Board in analyzing school district operations and preparing Board reports when those tasks cannot be performed as economically by district staff members.

Wherever possible, the Board will seek proposals from at least three sources before a contract with an independent consultant is entered. The Board will not contract with a Board member or the spouse, child, parent(s) or legal guardian(s), or sibling, in fact or in law, of a Board member as an independent consultant.

The Board will engage the services of an independent consultant only by written contract, which must specify the work to be accomplished by the consultant, the time within which the work is to be completed, and the fee that will be paid the consultant. An independent consultant engaged by the Board is neither agent nor employee of the Board and may represent the Board only as expressly authorized to do so in writing.

An independent consultant may have access to such school facilities and school district employees as may be reasonably required in the performance of the consultant's contract with the Board. Except as expressly permitted by the contract, any communication between the consultant and a district employee or community member regarding the work of the contract must be conducted through the Board or a designated school official.

Materials and reports generated and created by the independent consultant in the performance of his/her contract with the Board are and will remain the property of the Board and are subject to Board Policy No. 8310 on public records.

COLLECTIVE BARGAINING AND CONTRACT APPROVAL / RATIFICATION

0176 COLLECTIVE BARGAINING AND CONTRACT APPROVAL / RATIFICATION

The Board recognizes a Board member and/or a member of his/her immediate family may be a member of, or salary is determined by, a labor bargaining unit, professional association and/or union that has an affiliation with a bargaining unit, professional organization and/or union within the school district. The Board member does not automatically violate N.J.S.A. 18A:24 by voting to approve and/or ratify this contract solely on the basis of his/her status or that of an immediate family member with respect to membership or representation by a different local affiliate of the same statewide association with whom the agreement is made provided the Board member's involvement with such local affiliate has not or appears to have not compromised the member's objectivity or independence of judgment.

In accordance with N.J.S.A. 18A:12-24, the Board member shall not participate in the collective bargaining process and/or serve on the negotiations committee representing the Board with this unit, association, and/or union. The Board member may be apprised of the terms of a tentative memorandum of agreement with this unit, association, and/or union in closed and/or open session only after a tentative memorandum of agreement has been reached. The Board member may vote during the public meeting to approve and/or ratify a contract with this bargaining unit, professional association and/or union.

The Board member shall not participate in any aspect of negotiations and/or vote to approve/ratify a tentative memorandum of agreement/contract ratification if the Board member has an immediate family who is a member of the bargaining unit, professional association and/or union within the school district. Under this circumstance, the Board member may only vote in the event the school Board attorney advises the Board the Doctrine of Necessity must be invoked in accordance with Policy No. 0163.

In addition, the School Ethics Commission Decision A16-00 states a Board member may not participate in any aspect of negotiations and/or vote to approve/ratify a tentative memorandum of agreement/contract ratification if the Board member has a "relative" who is a member of the bargaining unit, professional association and/or union within the school district. Under this circumstance, the Board member may only vote in the event the school Board attorney advises the Board the Doctrine of Necessity must be invoked in accordance with Policy No. 0163.

This may include, but is not limited to, issuance of such contracts through a Request for Proposals (RFP) based on cost and other specified factors or other comparable processes. Contracts for professional services shall be limited to non-recurring or specialized work for which the district does not possess adequate in-house resources or in-house expertise to conduct.

Nothing in this Policy or N.J.A.C. 6A:23A-5.2 shall preclude the Board from complying with the requirements of any statute, administrative code, or regulation for the award of professional services contracts.

2240 CONTROVERSIAL ISSUES

The Board of Education believes that the consideration of controversial issues has a legitimate place in the instructional program of the schools. Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

For purposes of this policy a controversial issue is a topic

- On which opposing points of view have been expressed by responsible and thoughtful persons.
- Likely to arouse both support and opposition in the community.
- Not expressly enumerated in the course guide as appropriate for the course of study.
- Subject to interpretation as obscene, profane, doctrinaire, or grossly inappropriate, each in relation to the level of maturity of the students concerned.

The Board will permit the introduction and proper educational use of controversial issues provided that their use in the instructional program is related to the instructional goals of the course of study and level of maturity of the students. The discussion of controversial issues must not tend to indoctrinate students or persuade them to a particular point of view. Instead, teachers must encourage fair presentation and open-mindedness and the free exchange of ideas in a spirit of scholarly inquiry, drawing upon information and insights from the widest feasible range of resources.

When the consideration of controversial issues have not been specified in the course guide, the Board will permit the instructional use of only those issues that have been approved in advance by the building principal.

The First Amendment requires public school officials to show neither favoritism toward nor hostility against religious expression such as prayer.

The United States Department of Education's Guidance on Constitutionally Protected Prayer and Religious Expression in Public Elementary and Secondary Schools (USDOE Guidance) provides information on the current state of the law concerning religious expression in public schools.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to: prayer during non-instructional time; organized prayer groups and activities; teachers, administrators, and other school employees' activities; moments of silence; accommodations for prayer during instructional time; prayer in classroom assignments; student assemblies and noncurricular events; prayer at graduation; and/or baccalaureate ceremonies.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to religious expression: religious literature; teaching about religion; student dress codes and policies; and/or religious excusals.

The Board of Education recognizes that field trips properly planned and integrated with the curriculum are an educationally sound and important part of the program of the schools that can supplement and enrich classroom instruction by providing learning experiences in an environment outside the schools.

For purposes of this policy, a field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, and integrally related to an approved course of study.

The Board of Education shall approve all proposed field trips.

The Board may authorize field trips for which all or part of the costs are borne by the students' parent(s) or legal guardian(s), except that no student in a special education class or student unable to pay the cost assessed shall be prohibited from attending a field trip. (N.J.S.A. 18A:36-21)

The determination of a student's inability to pay will be based upon the student's eligibility for free and reduced meals in accordance with Board Policy No. 8540.

Students on field trips remain under the supervision of this Board and are subject to its rules and regulations.

A student who violates rules or disregards the authority of supervisors on a field trip significantly endangers the safety of other students and may be summarily dismissed from the trip. The teaching staff member in charge will make arrangements for the dismissed student's transportation to home or school as appropriate. The cost of any such transportation will be borne by the parent(s) or legal guardian(s) of the student. The Board reserves the right to take further disciplinary measures in accordance with Policy No. 5600.

The Superintendent shall prepare regulations for the operation of field trips that ensure that the safety and well-being of students shall be protected at all times; that parental permission is sought and obtained before any student may be removed from the school for a field trip; that each field trip is properly planned, integrated with the curriculum, and followed up by appropriate activities that enhance its usefulness; that the effectiveness of field trip

Teachers, students, or staff who create audio or video materials containing the voices or images of the individuals involved shall obtain proper releases from those individuals, their parent(s) or legal guardian(s) for instructional use within the school.

PROGRAMS AND SERVICES FOR STUDENTS IN HIGH POVERTY AND IN HIGH NEED SCHOOL DISTRICTS (M)

Page 1-2

2414 PROGRAMS AND SERVICES FOR STUDENTS IN HIGH POVERTY AND IN HIGH NEED SCHOOL DISTRICTS (M)

High poverty school districts are required to provide programs and services that address class size and Kindergarten programs. High need school districts are required to provide programs and services that focus on improving instruction in literacy and mathematics.

A high poverty school district for the purposes of this policy means a school district in which forty percent or more of the students are “at risk” as defined in N.J.S.A. 18A:7F-45. Class size in high poverty school districts shall not exceed twenty-one students in grades Kindergarten through three, twenty-three students in grades four and five, and twenty-four students in grades six through twelve. However, if the district chooses to maintain lower class sizes in grades Kindergarten through three, class sizes in grades four and five may be equal but not exceed twenty-five students. Exceptions to these class size requirements are permitted for some physical education and performing arts classes, where appropriate. High poverty school districts shall maintain all existing full-day Kindergarten programs with a teacher's aide for each classroom. Class size for these Kindergarten classrooms shall not exceed twenty-one students.

High need school districts for the purpose of this policy are high poverty school districts that are below proficiency levels on State assessments as outlined in N.J.A.C. 6A:13-3.3(a). The New Jersey Department of Education shall identify the list of high need school districts based on State assessment results and shall promptly notify the districts that are classified as high need. In the first school year immediately following such identification as a high need school district, the district shall begin planning for implementation of, and shall implement where possible, the designated program(s). In the subsequent year following identification as a high need school district, the district shall fully implement the designated program(s). High need school districts, once identified, shall remain in that status and shall continue to implement the designated program(s) for a minimum of three years.

High need school districts where less than eighty-five percent of total students have achieved proficiency in language arts literacy on the New Jersey Assessment of Skills and Knowledge (NJ ASK) 3 shall provide an intensive early literacy program for preschool to grade three to ensure that all students achieve proficiency on State standards in accordance with the requirements of N.J.A.C. 6A:13-3.4(a).

High need school districts where less than eighty percent of total students have achieved proficiency in language arts literacy on the high school State assessment shall implement a language arts literacy program aligned with college preparatory English I, II, III, and IV for grades nine through twelve that incorporates the elements in N.J.A.C. 6A:13-3.4(b) with the exception of providing a double period of language arts literacy.

High need school districts in which less than eighty-five percent of total students have achieved proficiency in mathematics on the NJ ASK 4 shall implement a comprehensive program for mathematics education that prepares students in grades three through four for success in higher order mathematics including the components as outlined in N.J.A.C. 6A:13-3.5(b).

High need school districts where less than eighty percent of total students have not achieved proficiency in mathematics on the NJ ASK 8 shall implement a comprehensive program for mathematics education that prepares all students in grades five through eight for success in Algebra at the high school level and that incorporates the elements in N.J.A.C. 6A:13-3.5(b).

High need school districts where eighty percent or more of total students have not achieved proficiency in mathematics on the high school State assessment shall implement a comprehensive program for mathematics education for grades nine through twelve which incorporates the elements in N.J.A.C. 6A:13-3.5(b) and that is aligned to course expectations as required to meet graduation requirements.

Page 1-1

2415.03 HIGHLY QUALIFIED TEACHERS (M)

The No Child Left Behind Act (NCLB) requires all teachers be or become highly qualified in the core academic content area(s) they teach in accordance with the United States Department of Education and the New Jersey Department of Education highly qualified teacher requirements.

Teachers who have achieved highly qualified status retain highly qualified status permanently for the teaching assignment designated on the approved highly qualified teacher forms. No teacher providing direct instruction in core content areas is grandfathered or exempt from this process.

The district shall maintain the appropriate highly qualified documentation for all teachers who provide direct instruction in core content areas. When a teacher changes teaching assignments, which requires different content expertise, additional highly qualified teacher forms must be completed and kept on file within the district. Highly qualified teacher documentation should be completed for all new teachers and for those with new teaching assignments at the beginning of each school year.

A teacher hired from another State must hold New Jersey certification and must meet New Jersey's highly qualified teacher requirements. Out-of-State teachers may provide documentation to support their highly qualified teacher status from the previous State in which they taught.

All Title I schools must send out a Right-to-Know letter in the beginning of every school year informing parent(s) or legal guardian(s) that they have the right to know the qualifications of their child's teacher. The letter should be sent by all Title I and non-Title I districts. In addition, in all Title I schools, the parent(s) or legal guardian(s) of students whose teacher is not yet highly qualified must be notified. Copies of these letters must be kept on file in the school.

2430 CO-CURRICULAR ACTIVITIES (M)

The Board of Education believes that the goals and objectives of this district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular instructional program of the school. The purpose of such co-curricular activities shall be to develop leadership capacities and good organizational skills, to aid in the socialization of students, and to enable students to explore a wider range of individual interests than might be available in the regular curricular program.

The Board shall make school facilities, supplies, and equipment available and assign staff members for the support of a program of co-curricular activities for students in grades K through 12. The Board shall maintain the program of co-curricular activities at no cost to participating students, except that students may be required to provide supplies in accordance with Board Policy No. 2520 on instructional supplies and students may be required to assume all or part of the costs of travel and attendance at co-curricular events and trips.

For purposes of this policy, co-curricular activities are those activities conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and do not include athletic competitions and practices. Co-curricular activities must be related to the curriculum but are not offered for credit toward promotion or graduation and are ordinarily conducted wholly or partly outside the regular school day.

The Board expressly declines to create a limited open forum for activities initiated by students. Accordingly, a group of students who wish to meet on school premises shall apply to the Building Principal for permission to meet and must demonstrate to the Principal the relationship of their meeting to the curriculum. The Principal shall permit only those meetings that relate specifically to the curriculum.

Students shall be fully informed of the co-curricular activities available to them and of the eligibility standards established for participation in co-curricular activities. Co-curricular activities shall be available to all students who voluntarily elect to participate

Except that where eligibility requirements specific to an organization are necessary or desirable, the Board shall be so informed and must approve the establishment of such eligibility standards before they may be operable.

The Board will not permit the organization of a fraternity, sorority, or secret society.

A student in grades K through 12 is ineligible for participation in co-curricular activities if he/she has:

1. Demonstrated unsatisfactory attendance by failing to maintain a record of 90 % percent attendance;
2. Failed to maintain an average grade of > 75 overall in average of courses in each marking period;
3. Failed a course required for promotion or graduation in the preceding semester; or
4. Received a notice of warning of failure in a course required for promotion or graduation in the current semester.

Notwithstanding these standards, a student who has commenced preparation for participation in a public performance of a concert, recital, drama, debate or the like may continue to participate until the student has completed the performance.

No student who has been absent for a school day may participate in a co-curricular activity scheduled for the afternoon or evening of that school day.

The Board will (or will) permit students who reside in this district and who are not enrolled in the public school to participate in noncompetitive co-curricular activities on a space-available basis. Participants will be permitted only on written application and the applicant's assurances that the student agrees to be bound by the policies, rules, and regulations of this district.

The Superintendent shall prepare procedures to implement a co-curricular program and shall assess the needs and interests of the students of this district and provide for the continuing evaluation of the co-curricular program.

2436 ACTIVITY PARTICIPATION FEE PROGRAM

The Board of Education recognizes the value of athletic competition and co-curricular activities outside the regular instructional program. However, with reduced or limited revenue and increased expenses, the Board must consider alternative revenue options to support these school-sponsored activities. Therefore, the Board of Education authorizes the establishment of an activity participation fee program as a supplemental revenue source contributing to a percentage of the school district's total costs for operating school-sponsored activities.

The Activity Participation Fee Program will require each student participating in a school-sponsored athletic or co-curricular activity to pay a participation fee. The specific activities and fee amounts will be recommended by the Superintendent of Schools and approved by the Board on an annual basis prior to the commencement of the registration or sign-up process for the activity.

The activity fee shall be capped with a maximum total activity fee per family (dependent children residing in the same household) per school regardless of the number of activities or programs the students elect to participate in throughout the school year. This per family, per school, annual fee shall be paid in the beginning of the school year. No refunds shall be provided in the event a student in the family does not participate in any activity for any reason during the school year.

The activity fee may be waived or reduced based on financial hardship using the New Jersey eligibility standards established for free and reduced price meals.

Each individual activity fee will be determined by considering the school district's costs for operating the activity to include, but shall not be limited to: coach/advisor salaries; equipment costs; facility rental fee costs; official/referee costs; event registration fees; school/facility/field preparation and maintenance costs; insurance costs; and other expenses incurred by the district in the operation of the activity. The activity fee shall be paid prior to the student's participation in the activity.

A refund of the activity fee will only be made in the event the student is not accepted into the activity due to the lack of available space or opportunity within the activity (i.e. the student does not receive a part in a drama program production, the student is cut from an athletic team, it is determined the student is ineligible for participation in the activity due to any reason prior to participation in the activity etc.). A refund of the activity fee will also be provided in the event the district does not offer the activity subsequent to the registration/sign-up process. A refund will not be provided in the event the student quits during the course of the activity.

The Board of Education may conduct a summer session. A summer session must be approved by the Board of Education and the Executive County Superintendent of Schools and may include:

1. Remedial courses for students who wish to retake a course or subject previously taken and for which credits or placement may be awarded upon successful completion;
2. Advanced courses for students who wish to take a course or subject not previously taken in an approved school district program and for which additional credits or advanced placement may be awarded upon successful completion of the course; and
3. Enrichment courses for students who wish to take a course or subject of a vocational interest and for which no credits are to be awarded.

The Superintendent of Schools will develop a summer session program and submit the proposed program to the Board for approval. The proposed program shall include the details of the summer session including, but not limited to, a list of the courses or programs offered, the hours of operation, the school(s) where the summer session(s) will be operating, any tuition fees to be charged in accordance with the provisions of N.J.A.C. 6A:32-10.3, and projected cost of operation.

A student will be enrolled in a remedial course only on the written recommendation of the Principal of the school the student regularly attends. The recommendation shall state the name of the subject(s) which the student may take and the purpose for which each subject is taken. A student previously retained at grade level may be promoted on successful completion of a required remedial course, but no student shall be required to attend the summer session.

In accordance with the provisions of N.J.A.C. 6A:32-10.3, tuition may be charged to nonresident students enrolled in a summer session course and to resident students enrolled in enrichment courses which carry no credit and are determined by the Executive County Superintendent to have no direct relationship to the curriculum. Tuition may be charged to students domiciled within the district for enrollment in remedial or advanced courses in accordance with the provisions of N.J.S.A. 18A:11-15.

The Superintendent shall develop regulations for the summer session that include provisions for appropriate planning, proper staffing, student assignments, student evaluation, student records, award of credit, grade placement, and the utilization of facilities. 2466 NEEDLESS PUBLIC LABELING OF STUDENTS WITH DISABILITIES (M)

The Board of Education guarantees the privacy provided by law that no student with a disability be labeled publicly. Therefore, any reference to a student with a disability brought to the attention of the Board and/or any other potential public reference to a student with a disability will be through the use of a district-developed method of coding that would ensure a student's name or other labeling would not identify the student as a student with a disability. Examples where public labeling of students with disabilities shall be avoided include, but are not limited to, Board meeting agenda information, public address announcements, building/classroom signs, public school documents, and/or any other school publication identifying a student with a disability or class/program of students with disabilities.

Special education classes shall be referred to publicly by the name of the teacher. This applies to schedules, class lists, transportation lists, public address announcements, and any other form of communication that has any potential for any exposure other than for the use by appropriately authorized school staff.

Exceptions to the prohibition of public labeling of students with disabilities may be made upon consent of the student's parent(s) or legal guardian(s).

When the nontenured teaching staff member's performance does not meet the standards of the school district, the Superintendent shall recommend not to renew the teaching staff member's contract. Prior to notifying the nontenured teaching staff member of the nonrenewal, the Superintendent will notify the Board of the recommendation not to renew the nontenured teaching staff member's contract and the reasons for the recommendation. The Superintendent may notify the Board in a written notice or in executive session at a full Board Meeting. 3146 CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy No. 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a nontenured teaching staff member is employed. When two or more nontenured teaching staff members are employed within the category affected by a reduction in force, the nontenured teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

Advancements on the salary guide, including annual employment and adjustment increments, are not automatically granted and must be earned by satisfactory performance. Advancements require favorable evaluations of the employee's performance of assigned duties, a satisfactory attendance record, and adherence to the rules of this district and high standards of professional conduct.

The Board of Education may determine, by recorded roll call majority vote of the full membership and at any time prior to the commencement of the school year or contract year in which the employee's salary will vest, to withhold any or all of the increments indicated by the salary guide or by Board policy. In no case will the Board withhold a portion of an increment.

The Board shall, within ten days of its formal action to withhold an increment, give written notice to the affected employee of both the action and the reason or reasons for which it was taken.

The purpose of the Board in withholding increments is to improve the educational program and encourage the highest possible professional performance of its employees. Accordingly, all reasonable efforts will be made to inform employees of any deficiencies that may result in the withholding of an increment and to assist them in the correction of those deficiencies.

An increment withheld may be restored only by action of the Board. Nothing in this policy shall limit the right of a successor Board to restore an employee from whom an increment or increments have been withheld to that place on the salary guide he/she would have achieved had the increment or increments not been withheld.

The Board of Education recognizes that teaching staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from teaching staff members from other school districts, agencies and other entities, the Board supports sharing of its teaching staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a teaching staff member's attendance in another school district, agency or other entity without additional remuneration to the teaching staff member or school district, upon a written request from the agency or from the teaching staff member.

3211 CODE OF ETHICS

The Board of Education endorses the code of ethics for professional educators published by the National Education Association.

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parent(s) or legal guardian(s), and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

Principle I -- Commitment to the Student

The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator--

3212 ATTENDANCE

The regular and prompt attendance of teaching staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A teaching staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No teaching staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of teaching staff members in their attendance responsibilities, and the counseling of teaching staff members for whom regular and prompt attendance is a problem.

No teaching staff member or volunteer shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No teaching staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No teaching staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the teaching staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to teaching staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that teaching staff members instruct their students to express their appreciation by means other than gifts.

6164 ADVERTISING ON SCHOOL BUSES

The Board of Education authorizes the sale of advertising space on the exterior of school buses that are owned or leased by the Board in accordance with the provisions of N.J.S.A. 18A:39-31 and N.J.A.C. 6A:27-7.10, 7.11, and 7.12.

The Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq., shall apply to any contract or agreement entered into by the Board for the purpose of placing advertisements on school buses.

All advertisements shall require the prior approval of the Board of Education. The advertiser will be considered an independent contractor and shall not be deemed to be an agent, servant, employee, or representative of the Board. In the event the advertiser fails to provide service in accordance with the bid specifications and contract for advertisements, the advertiser shall be considered in breach of contract. Cancellation of the advertisement and/or enforcement of advertiser's performance bond may result.

The Board of Education reserves the right, at its discretion and at any time, to reject any advertising copy, whether or not it has previously acknowledged and/or advertised the exact or similar copy. No advertising space may be used or re-sold by the advertiser for the promotion, either directly or indirectly, of any business, organization, or enterprise other than the one defined in the original contract for advertisement. The advertiser will protect, defend, and save harmless the Board of Education from any suits or actions of every nature and description brought against it by reason of the advertisement.

Fifty percent of the funds generated from the placement of advertisements on the outside of school buses shall be used to offset fuel costs associated with the provision of student transportation services and fifty percent shall be used to support any programs or services deemed appropriate by the Board.

The Board of Education will approve the specifications for advertisements on school buses that will include: advertisement material, including paint, decals, or magnetic material; approved advertisement colors; advertisement mounting procedures, if applicable; location of advertisements on school buses; advertisement size(s); duration of advertisement contracts; and any other specifications for advertisements the Board deems appropriate. All advertisements shall be in accordance with New Jersey Motor Vehicle Commission (NJMVC) regulations and shall not prevent the school bus from passing the NJMVC required inspections for school buses.

6230 BUDGET HEARING

The annual budget adopted by the Board of Education and approved by the Executive County Superintendent represents the Board's position on the allocation of resources required to operate a thorough and efficient system of education. All reasonable means shall be employed by the Board to present and explain that position to residents and taxpayers of the community. A public budget hearing will be conducted in accordance with law. Each member of the Board and each district administrator shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The approved budget will be made available to the public in the form and at the places required by law. A simplified form of the budget may also be prepared annually and may be sent to each district resident, each parent(s) or legal guardian(s) of a student in public school, and representative of community organizations and distributed to each person attending the annual budget hearing.

The simplified budget may include the expenditure in each major category of current expense, capital items, and debt service; any anticipated change in tax rates; a summary of anticipated receipts; information that voters may use in comparing budget provisions in this school district with those in comparable districts; brief explanations of significant increases and decreases from the preceding budget and important transfers of expenditures from one classification to another; and a letter of transmittal from the Board.

6421 PURCHASES BUDGETED

The Board of Education directs the establishment of procedures for the purchase of budgeted goods and services that will make prudent use of district resources and yield the maximum value for the school district. The School Business Administrator shall authorize all purchases that are within a budget line item and are consistent with the purpose for which the funds were appropriated

No purchase order may be placed until the School Business Administrator has determined whether the proposed purchase is subject to bid, whether sufficient funds exist in the line item, and whether the goods are available elsewhere in the district.

Whenever the estimated value of a purchase or contract for goods or services other than professional services N.J.S.A. 18A:18A-5(1) and work by employees of the Board N.J.S.A. 18A:18A-5(3) is fifteen percent or more of the bid threshold established in accordance with N.J.S.A. 18A:18A-3 and N.J.S.A. 18A:18A-37 and is not made under a state contract, the purchasing agent shall, whenever practicable, solicit at least two quotations from independent vendors. All quotations received will be attached to and retained with a copy of the voucher used to pay the vendor.

The purchase or contract may be awarded on the basis of the lowest responsible quotation received or to the vendor who submits the quotation most advantageous to the Board on the basis of price and other factors. If it is determined that it is impractical to seek quotations for an extraordinary, unspecifiable service or that the purchase or contract for which quotations were sought should not be awarded on the basis of the lowest quotation received, the reasons for that determination will be set forth in writing and attached to the resulting purchase order or contract.

Supplies commonly used in the various schools will be standardized to the extent that it is educationally feasible to do so. Alternate suggestions will be made to a requisitioner if better service, delivery, economy, or utility can be achieved by a change in the proposed order.

8210 SCHOOL YEAR

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the district.

The Board shall determine annually the days when the schools will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty or more days of instruction. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction, except that in an approved Kindergarten, one continuous session of two and one half hours may be considered a full day. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Superintendent shall in consultation with the Education Association of Nutley annually prepare and submit to the Board a school calendar no later than April 1. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the students of this district.
