

Board of Education
Nutley, New Jersey

November 30, 1981

The Regular Meeting of the Board of Education of the Town of Nutley, New Jersey, was held in the Board Room, 149 Chestnut Street, on Monday, November 30, 1981, at 8:00 p.m., with Mrs. Ann Rabinowitz, President, presiding.

FLAG SALUTE:

The meeting was opened with Mr. Tangorra leading the Board members and citizens in the Pledge of Allegiance to the American Flag.

CALL OF ROLL:

The other members present at roll call were: Dr. Anthony N. Baratta, Mr. Douglas Eisenfelder, Mrs. Jacqueline Imhoff, Mr. James Murray, Mr. Carl Perez, Mr. Gerard T. Restaino, Mr. Frank V. Tangorra, and Mr. Louis F. Williams. Twenty citizens were present.

PRESENTATION OF AWARDS:

Mrs. Rabinowitz called upon Mr. Gerard Restaino, representative to the Music Parents, for the presentation of All State Chorus awards. Mr. Restaino requested that Dr. Anthony Baratta present his daughter, Lucia Baratta, with her award. Other students who received awards were:

Eileen Duffy
Deborah Farias
Marc Bruno
Sean Coogan - 2nd year

Mr. Restaino commented that the Board not only honors athletes but also any youngster for a particular talent. He proceeded to congratulate the students, and thanked the parents and the music department personnel for all their help in assisting these youngsters.

APPROVAL OF MINUTES:

Copies of the minutes of the Regular Meeting held on October 26, 1981, at 8:00 p.m., being in the hands of each member, reading of same was dispensed. Mr. Tangorra moved that the minutes be approved, seconded by Mrs. Imhoff, and unanimously approved by the Board.

COMMUNICATIONS:

1. A letter from Carol O'Hara:

"My mother and I appreciate the kindness and generosity shown by the members of the Board of Education in our time of sorrow.

It is comforting to know that so many people are thinking of us.

"Thank you again and God Bless You."

2. A letter from Rev. Daniel R. Schafer, Bethel Assembly of God Church:

"I am writing this letter on behalf of the official board and membership of the Bethel Assembly of God Church.

"For a good number of years we have made attempts to tolerate and even accommodate the gangs of high school youth that picnic on our church grounds daily. It has now reached an epidemic. When asked to please pick up their garbage, they make threats and take it as a personal challenge. Recently, there has been graffiti written on our church doors, in the concrete or wherever they can find to express their hidden secrets. I personally had to chase them out of the tree in front of our doors plus one youth had a fire going on the church steps. The front steps over-hang was damaged last week by a youth who climbed there from the tree. One of our Trustees observed a youth making gestures with a hand gun, the odor of pot filters into our building and we have reached our limit of tolerance.

"A copy of this letter is being sent to Chief Dimichino with a request to keep all high school students off our premises. If immediate action is not taken, we will seek legal action. I know the Board does not wish this to continue so please do what is necessary to stop it."

Mrs. Rabinowitz requested that Mr. Ramsland notify the high school regarding the above correspondence.

3. A letter from Secaucus High School:

"Please accept this letter of grave concern regarding the intended proposal before the Bergen County Superintendents with respect to realignment among all 53 schools within that county, for purposes of interscholastic athletic competition. This proposal, if adopted, will be forwarded to N.J.S.I.A.A. for approval. Should it be approved, 17 schools currently enjoying membership in six leagues would be left with severe problems whose solutions may not be in the best interests of all the schools, and, more importantly, students involved.

"The basic premise of the realignment, expansion and appeal process seems to be, under N.J.S.I.A.A. regulations, to assist in finding suitable 'homes', under equitable conditions, for schools seeking to achieve that goal. A proposal which would exclude one fourth of the 68 schools currently participating in the six leagues in question would seem to be extremely detrimental and contrary to the intended outcome of that process. At the very

least, the 17 affected schools should be provided the opportunity to offer their objections to, or support of such a plan, as those schools are the ones most greatly burdened by the impact and ramifications of such a plan.

"The administration and Board of Education of the Secaucus Public Schools are opposed to this proposal. It would not be in the best interests of the students representing our school, nor would it seem to be for those in your district. There seems to be very little educational value to a plan which would leave 17 schools to fend for themselves, when none of those schools had any input toward the construction of that plan.

"The purpose of this communication is, again, to inform you of our concerns. Perhaps you share these concerns, or have others germane to your own situation. We would welcome the opportunity to share in an open dialogue among any or all of the potentially affected schools' representatives. The future of the athletic programs for students in 17 schools in Hudson, Passaic, and Essex Counties may be at stake. We gladly welcome any reactions, suggestions and questions you may offer with respect to this critical issue."

Mrs. Rabinowitz requested that Mr. Ramsland send a reply to the letter.

4. A letter from the Princeton Regional Board of Education with regard to postponing a vote to be taken on the Urban Education Study Committee's Final Report on School Finance at the New Jersey School Boards Association's Delegate's Assembly to be held on December 5, 1981.
5. A letter from Donald E. Price, President, Pinelands Regional Board of Education:

"The Pinelands Regional Board of Education finds itself in the position of needing, and needing badly, the support of our colleagues. Unless existing law is changed, we are in the unhappy position of having to sell approximately \$9,000,000. in bonds by next July. This would mean that for the next thirty years we will prospectively pay 12-15% interest, regardless of rate fluctuations. It is our opinion that it would be better to continue on temporary financing for the time being, even at the risk that rates might rise above present levels.

"Our Board has petitioned New Jersey School Boards Association to help us seek the necessary legislative change and has convinced the Resolutions Committee that this is desirable. This matter will now be presented to the Delegates Assembly with their approving recommendation. We ask that your Board support our Resolution No. 2 on December 5, 1981."

Mr. Eisenfelder moved that the Board of Education support this resolution, to which Mrs. Imhoff seconded the motion.

SECRETARY'S REPORT:

Mr. Ramsland presented and read the following report:

"The latest New Jersey School Boards Association Cost of Education Index, which is based on the current (1981-82) budget, shows that our total budget is 7½% below the state average in cost per pupil, and 15% below the 6 county region of which we are a part.

"Breaking this down further, our current expense budget is 4.3% below the state average and 12.3% below the region, and debt service is less than half that of the state and region.

"Within the current expense budget, Administration comes in below the state, but above the region. Instruction splits the other way, above the state, but below the region. Attendance, Health, and Transportation are all well below all other comparisons. Operation and Maintenance are slightly above both state and region, in large part due to our older buildings; however, these higher costs are more than offset by our lower debt service because of our older buildings. Fixed Charges and Food Service subsidies are below both state and region, and Student Body Activities, while above the state, are below the region.

"The budget cap for the 1982-83 net current expense budget will be 9.2459%, as compared to a state average net current expense budget of 9.6875%.

"The news on State Aid, however, is not so good. While Transportation, Special Education, and Compensatory Education Aid all show increases, our projected Equalization Aid and Debt Service Aid show marked decreases. These decreases appear to be due to a 15% increase in Nutley's equalized valuation (from 598.1 million to 688.7 million), which, combined with a 5.8% decline in enrollment, results in a 22% increase in equalized valuation per pupil, and a bottom line of 10.70% Equalization Aid and Debt Service Aid, compared to 15.01% last year. In the coin of the realm, this translates into a decrease of \$332,075.

"Fire drills held during the months of October and November were as follows:

APPOINTMENT - Nutley High School Principal: Frank T. Votto

Mr. Williams presented and moved the adoption of the following resolution, seconded by Mr. Eisenfelder. Upon being put to a roll call vote the resolution was adopted with Mrs. Rabinowitz, Dr. Baratta, Mr. Eisenfelder, Mrs. Imhoff, Mr. Murray, Mr. Tangorra, and Mr. Williams voting aye, Mr. Restaino voting nay, and Mr. Perez abstaining:

BE IT RESOLVED, That Frank T. Votto be appointed principal of Nutley High School for the period from January 1, 1982 thru June 30, 1983 and that he be placed on Step 6 at an annual salary of \$40,918 for the remainder of the 1981-82 school year. Salary for 1982-83 to be in accordance with the 1982-83 administrators salary guide.

Mr. Restaino read the following statement:

"Mr. Votto has stated he will stay in Nutley for a short time because he has his sights on a central office position one day. I

believe this speaks well of an individual and I like an administrator who has higher aspirations.

"Mr. Votto has all my best wishes - we know what we are all about; children, yours and mine.

"I cannot bring myself to vote yes for an individual who will and is going to use Nutley and our children as stepping stones for his advancement. My vote is No."

Dr. Fadule complimented the Board members for their decision on Mr. Votto's appointment. He further commented that there were many good candidates from within the district as well as from outside, and that given the proper time and circumstances, they could be fine educational leaders. He summarized Mr. Votto's qualifications and ended by saying that in his opinion, the Board had made an excellent choice.

HEARING OF CITIZENS:

None

OLD BUSINESS:

None

NEW BUSINESS:

Mr. Tangorra commented that the report of the System of School Finance committee on which he had served a year or two ago had been turned down by the State Association, and that an Urban Boards Study Committee was charged to come up with a new State Aid formula. Mr. Tangorra further commented that in weighing all the factors, he did not feel that the new formula was good for suburban districts. He commented that even though most suburban districts would benefit from the new formula, this was accomplished by raising the total State support from 40% to 50%, and he strongly felt that with money being so tight he doubted very much if the legislature or the Governor were going to go along with this. He had requested a schedule showing what the impact would be using the present 40% funding, but has never received it. He also felt that what is to be spent per pupil (minimum) should be up to the local district and not the State.

Mr. Eisenfelder commented that when Mr. Perez attends the Delegates Meeting on Saturday, December 5, 1981 and this comes up for a vote, it should be tabled. He felt that everyone should take a look at the book Mr. Tangorra has, read at least the first 20 pages, and in this you would get the essence.

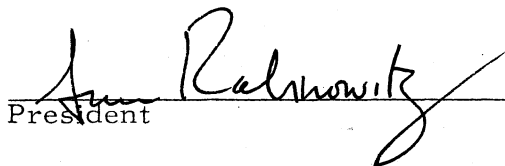

Mrs. Rabinowitz asked for a formal vote. Mr. Eisenfelder moved that if there is a motion to table, the Nutley Board of Education should vote to table the resolution. If the resolution is not tabled, Mr. Perez should

vote "no" to defeat the resolution. Motion was seconded by Mr. Williams, and passed unanimously.

Mr. Murray commented that the proposal to go before the N.J.S.I.A.A. with respect to the realignment among 53 schools within Bergen County for the purpose of interscholastic athletic competition should be looked into. He suggested the Board meet with the 17 non-Bergen County schools affected by this proposal either here in Nutley or some place else to get information and see how they feel. Dr. Fadule requested that this discussion be tabled until he can further discuss this at the high school. Mrs. Rabinowitz tabled the above discussion until Dr. Fadule and Mr. Murray come back to the Board with a recommendation.

ADJOURNMENT:

There being no further business to come before the Board, on motion made by Mr. Eisenfelder, seconded by Mr. Murray, the meeting was adjourned at 9:30 p.m.
