Mr. Ramsland presented and read the following report:

"The revision to the 1986-87 budget, the bottom lines of which are on the agenda for adoption tonight, was submitted to the County Superintendent last Friday, February 21. She had already reviewed our original budget, submitted January 15. It is quite disappointing that after only one year of 'full funding' after a decade of fighting for it, we are again back to the old guessing game approach to budget balancing.

2/24/86

"The brochure went to the printer's on Thursday, and we should have a quantity available for distribution at the first budget presentation on March 11.

"The budget book has been revised to agree with the changes made necessary by the State Aid reductions, and this should also be ready within two weeks. Our next regularly scheduled formal meeting will be the Public Hearing, four weeks from tonight, March 24.

"In the maintenance department, broken window replacement was down to 4 for the past month. However, other carpentry and general items amounted to 45 and plumbing and heating repairs came to 16.

Mr. Bogdanowicz asked if underground cable had been considered for the scoreboard in the Oval, to which Mr. Ramsland replied, stating that there is an underground cable to the scoreboard, but the problem lies in the fact that the line has to be above ground because the officials move to the location of play on the field.
