SECRETARY'S REPORT:

Mr. Sincaglia presented the Report of the Secretary as of October 31, 1989. (See attached report.)

TREASURER'S REPORT:

Mr. Sincaglia presented the Report of the Treasurer of School Moneys as of October 31, 1989. (See attached report.)

Mr. Sincaglia stated that with the recently completed audit for the 1988-89 fiscal year, there were no recommendations or citations that the Board must act upon. The accounts were

found to be kept in a satisfactory manner. Mr. Sincaglia indicated that his main concern is that the surplus is ever-declining and was under \$560,000 at the conclusion of the last school year.

Mr. Sincaglia expressed his appreciation to the members of his clerical and accounting staffs for their efforts resulting in a third consecutive year of having an audit free of errors or recommendations.

SUPERINTENDENT'S REPORT:

Dr. Fadule presented and read the following report:

"The Nutley High School Fall Sports Award Program will be conducted Tuesday, November 28, 7:30 p.m. in the high school auditorium.

"Elementary parent-teacher conferences will be conducted on Wednesday, November 29.

"Attached is the October 31, 1989 enrollment report."

Dr. Fadule reported that on Sunday, November 26, there was a fire in the attendance office of the high school, but the school is operating in a normal fashion even though the attendance process had to be moved. Dr. Fadule indicated that the fire department responded very quickly and efficiently, and they are investigating this incident together with the police department.

"Comments pertaining to the New Jersey School Report Cards."

Dr. Fadule distributed copies of Essex County and New Jersey Report Card Information (see attached), explaining that this material is a continuation of an article which appeared in the Sunday Star Ledger, written by Bob Braun.

Dr. Fadule explained that in New Jersey, all school districts are labeled on a letter continuum of A-J, based on demographic factors, most of which are socio-economic in nature, adding that A are generally urban districts and J are very wealthy, suburban districts. He further explained that this letter is called a District Factor Group, and Nutley is a G district.

Dr. Fadule commented that Nutley came in sixth on the SAT ranking in Essex County, and every one of the five districts ahead of us is in a higher District Factor Grouping. Nutley's cost per pupil is very low, which makes it very clear that we do very well in the achievement area and in terms of what we spend. He further commented that Nutley came in third in HSPT results in the county. Dr. Fadule stated that he also compared Nutley with some other G districts, not in Essex County, for whom he was able to obtain scores, and Nutley is the highest.

Dr. Fadule mentioned that he had been concerned because in the past three years, the budget had been defeated twice, but these figures show that we are very sound in terms of our cost per pupil in comparison with other districts. He added that these results will go out to teachers and supervisors, and he thanked them for jobs well done.

Mrs. Scheckel asked if Nutley is the only G district in Essex County, to which Dr. Fadule replied in the affirmative.

Dr. Baratta expressed his appreciation to Mr. Jacone for his outstanding concern with regard to the fire in the high school attendance office.
