Dr. Serafino asked the Board if they reviewed the information on the Italy trip and all agreed that the trip could proceed as planned.

Dr. Serafino also reported that it was recommended that beginning September, 2001 that Advanced Placement (AP) courses at the high school be ranked higher than presently. They would be ranked as a six as opposed to a five. It was noted that the Superintendent has the authority to do this pursuant to Board policy. There was some discussion on how this might impact current Juniors who may already have had an AP course that would not count next year. Dr. Serafino indicated that she would investigate this further.

Dr. Serafino asked the Board to think about the fact that this year we reduced the number of students required in kindergarten from 50 to 48 and how they felt about doing that at the lower grades. No decision has been made at this point.

Dr. Serafino reported on the letter she received from the Chief of Police regarding three school crossing guard positions which would be eliminated. After a considerable amount of discussion on this item, Mr. Restaino suggested that a letter be sent to the Police Chief.

January 29, 2001
Dr. Casale was strongly critical of the Police Department's decision and indicated that they should be hiring three more people not cutting the posts.

Mr. Cafone asked if he could approach the Public Safety Department before any action was taken.

There was a discussion regarding the facilities of the Board offices. Mr. Cafone questioned whether the Board could enter into a long-term lease. It was indicated that this information would be obtained as soon as possible. There was further discussion on whether the Board was committed to moving the Board offices.

The Board also discussed the use of the school auditoriums in the elementary schools. Mr. Picciano remarked on an article that he distributed concerning utilization of older buildings and if the Board's program calling for whole-scale renovations really made any sense.

The Board discussed the upcoming meeting with the Ad hoc Facilities Committee and the date on when they should meet. After a lengthy discussion as to what the role of the Administration should be in preparing items for Tri-Tech Engineering, it was agreed that the meeting be scheduled for February 6. In the event that it seemed it would not be worthwhile to meet on that date, the meeting would be scheduled for the following week. The Administration should get back to the Board on when they have a final date for that meeting.

ADJOURNMENT:

There being no further business to come before the Board, on motion made by Mrs. Roncaglio, seconded by Mrs. Fleitell, the meeting was adjourned at 10:39 p.m.
