HEARING OF CITIZENS

Resident Robert Rusignuolo asked what was going on with the Board’s finances and unfinished projects.

President Casale responded that the current Board has a lot of questions that need to be answered and when they get the answers the public will be informed.
Resident Mike Russo asked why the Board waited so long to have an audit done of the referendum money.

Trustee Moscaritola responded that the request was made several times but fell on deaf ears.

Resident Chris Oseija thanked the Board for their support of the Lets Learn Program.

Louise Frey Gaynor applauded Mr. Zarra for taking a pro-active approach towards education. She questioned why the Academic Committee is going to be canceled.

President Casale stated that the first meeting of the month Mr. Zarra would give an academic report. He said he feels that academics are Mr. Zarra and Mrs. Francioso’s responsibility, not the Board.

Several residents expressed their opinions and concerns regarding the high school rating in New Jersey Monthly. Questions and comments were not limited to the following:

- Nutley performed mediocre because it is a mediocre district.
- Need to reduce class sizes, which results in more money.
- Student to teacher ratio is the problem.
- Look into ways to reduce costs so the money can go to cutting class size.
- Form a fund raising committee.
- Looking into sending their children to private schools.
- Questioned the mathematical tracking.
- What kind of study will be conducted?
- How will the academic level be raised?
- Hire more teachers.

Mr. Zarra, President Casale and several trustees responded to the questions and comments.

Resident Barbara Martin asked about the construction that would be taking place at Washington School when school is in session and will the children have a field to play on.

Trustee Reilly said the work would be done after school hours and the façade would be completed by the end of the year.

Mr. Zarra said the children would have a field to play on.

Resident Neil Henning asked questions about the audit, change orders and procedures put in place to prevent this from happening again.

President Casale said the issues are pending legal issues that cannot be discussed and that all the information will be a public document in time.

Resident Janice Savage asked why there were no new programs at the elementary school level.
Mr. Zarra said he would submit a report of the highlighted programs at the elementary schools.

She also stated that she did not receive her children’s test scores yet.

Mrs. Francioso responded as to why the tests were given at a later date and in turn that is why they came back to the district very late.

Resident Mike Russo asked the following questions: if the Board got a response from the August 12, 2008 letter that was mailed to the state; if the Board always paid $5,000 for Extended Day medical coverage; the progress of school uniforms; and Channel One.

Trustee Williams said a school uniform survey is planning to be handed out at open house on September 23, 2008 to all the parents of elementary children.

President Casale said that Channel One would only be played during homeroom.

Resident Mike Riccione asked questions and said he was supposed to be one of the parents who were to be on the uniform committee that prepared the survey.

Trustee Williams responded to his questions.

Resident Joy Intindola asked about the air quality at Washington School since her children are both asthmatic.

Mr. Nicolette, Building & Grounds Manager, responded that the air quality is going to be checked in both Washington and Lincoln Schools before opening by PMK, our environmental engineering consultants.

Trustee Kuchta asked when the Board would be receiving their committee assignments.

President Casale responded by the end of this week.
