Regular meetings of the Board of Education are held on the fourth Monday of each month at 4:15 P. M. in the Board Room, High School.

THE PRESIDENT'S FOREWORD

I wish, first of all, to express my indebtedness to our former president, Mr. Richard W. Booth, whose guidance and sympathy have been invaluable to me during my long membership on the Board of Education. It was a real loss to all of us when he refused to serve longer in the capacity of chairman. If I can be as fine a public servant in the future as he has always been, I shall be very happy indeed.

I wish further to express my deep appreciation of the loyalty of our teachers during the past difficult year. The very small turnover in our force speaks volumes. We sincerely hope that the future will find us able to show our appreciation in a substantial way. We are passing through very trying times. The Board of Education, teachers and citizens generally must show patience for some time to come.

As a board of education we are concerned over the future of our school system. Our growth has been great during the past ten years and there seems to be no probability that the yearly percentage of growth will be any less in the future. We are destined to be a large town. Since this fact is manifestly true, we must prepare for the needs of our children in the years immediately ahead. Our greatest increases during the past ten years have been in the upper six grades. The High School is full even with the two additional rooms built the past summer. The Junior School building cannot accommodate the children who make up the Junior School unit. Five divisions are at the present time held back in the elementary schools. We are fast approaching the time when these elementary schools will need relief. The only solution seems to be a Junior High School building large enough to accommodate the ninth year of the High School and all of the seventh and eighth grades. Such a plan would relieve:

1. The High School building.
2. The Park School building.
3. The elementary schools that are at present housing seventh grade divisions.

We are the servants of the people of Nutley. We need your help in the solution of the problem.

DR. HORACE TANTUM, *President.*

Terms of Service of Teachers in Nutley

Some interesting facts concerning the length of service of our teachers in Nutley are as follows:

In 1920-21 the median term of service in Nutley was two years; in 1930-31 it was five years.

In 1920-21, 13% of our teachers had served more than five years; in 1930-31, 46% had served more than five years.

In 1920-21 the median total experience was from two to five years; in 1930-31 the median total experience was from six to ten years.

In September, 1930, the number of teachers under tenure was 126, or 70%.

The terms of service of our teachers in Nutley, as of June 1931, were as follows:

Analysis of the Set-Up of Classes in Each School Building 1930-31

The Park Elementary School has 24 classes, eight of which, grades 4 to 6, are on a departmental basis. The remaining classes are on the traditional basis of one grade to a teacher. This school also maintains a class for backward children.

The Yantacaw School has 14 classes, all of which are on the traditional basis of grading.

The Washington School has 24 classes. Twelve of these, grades 3 to 7, form a platoon. The remaining classes are on the traditional basis. This school maintains a coaching class for older boys.

The Lincoln School has 20 classes, the upper eight of which, grades 5 to 7, are on a departmental basis. The remaining classes are on a traditional basis. This school maintains a class for backward children.

The Spring Garden School has 19 classes, the upper twelve of which form a platoon, as in the Washington School. The remaining grades are on a traditional basis.

The Junior School has 19 classes, which are as many as can be accommodated in the Junior School building. These classes are on a departmental basis. Because of a lack of accommodations in the Junior School building, five groups of the Junior School are held back in the Washington, Lincoln and Spring Garden Schools.

Our High School is a traditional four-year high school, offering such opportunities as are usually offered in the more progressive towns of our State. The distribution of the classes as to subjects was as follows in September 1930:

" " " "	36 to 40—	3

It is necessary for us to maintain large classes in order to accommodate the school in our present building.

The number of pupils taking the non-academic subjects, September 1930, was as follows:

Music	40
Art	134
Sewing	97
Shop	85
Mechanical Drawing	85

Extension Courses and Lectures

Three lectures on the general subject of "Progressive Education" have been given this year. On September 2nd, Dr. M. C. Del Manzo, of Teachers College, Columbia University, spoke to the teachers; on October 7th, Dr. A. B. Meredith, of the School of Education, New York University, was the speaker; and on October 28th, Dr. W. Carson Ryan.

Three extension courses for teachers have been offered in Nutley during the year under the direction of the Newark State Normal School. One course on "Methods in Arithmetic" was given by Mrs. Jane Plenty the first half-year; and two courses on "Child Psychology" by Miss Lois Meredith, one the first half-year and one the second half-year.

Home or Bedside Instruction

Home instruction for crippled or ill pupils was begun in October, when Mrs. Mary F. Kuhn was employed to teach five of our children in their homes, giving each child one hour per day of instruction. This plan has proved to be a very valuable one for the children who are unable to attend school.

High School Assembly Programs

A number of interesting assembly programs were given in the High School during the year, as follows:

- Sept. 18—Skilling Quartette.
- Oct. 8—Rev. R. C. Falconer—Commemoration of Vergil.
- Oct., 22—Play by the Jesters.
- Nov. 5—Mr. Fracht—Violinist.
- Nov. 10—Mr. Smith of the American Legion—Armistice Program.
- Nov. 26—Thanksgiving Play—The Jesters.
- Dec. 10—Mrs. Chanalis—Art Lecture and Slides on Whistler.
- Dec. 23—Christmas Play by the Jesters, and carol singing.
- Jan. 14—Captain Upton—"The Player in the Shadow."
- Feb. 20—Washington's Birthday Program—The Jesters.
- Mar. 11—Colonel Bullis—"The Calendar."
- Mar. 18—Mr. Symonds—"Military Training Camps."
- Mar. 24—Mr. Lindley Gordon—"The League of Nations."
- Apr. 16—Miss Anna Bird Stewart—"How Books are Made."
- Apr. 17—Mr. Kelley of Pace Institute.
- Apr. 22—Mr. Goldberg—"Guidance."
- Apr. 29—Music Program by the Glee Club Students.
- May 7—Lieutenant Keyhoe—"Aviation."
- May 13—Representative from Upsala College.
- May 20—Music by the Glee Club Students.
- May 29—Decoration Day Play—The Jesters.
- June 3—Play and songs by Senior English Class.
- June 10—One-act play by Miss Cone's English class.

MEDICAL INSPECTION DEPARTMENT REPORT

For Year Ending June 26, 1931

The work covered by the Medical Inspection Department for the period from September, 1930, to June, 1931, is shown in the following report.

The past year has been very encouraging. The general health of the children has been good, no epidemics interrupting our regular routine duties. Because of existing economic conditions we have had some problems, but have met them through the help of our very loyal Nutley friends.

Mid-morning lunch consisting of milk and crackers is served to the children in the lower grades. Milk as a food to help all children grow is emphasized. The parents make it possible for the financial cost to be met. However, children who are underweight and unable to buy the milk have been provided for by members of the Social Service Bureau.

It is a self-evident fact that the schools' emphasis on mouth and teeth care has improved the habits of the children. Many more each year report that they brush their teeth twice a day. Annual or semi-annual visits to the dentist are regarded as a health goal, not primarily because of toothaches, but for cleaning and inspection.
