2132 SCHOOL DISTRICT GOALS AND OBJECTIVES

The Board adopts the following goals and objectives for the operation of the educational program of the school district:

Character

By June 2017, students in Nutley Public Schools will assume responsibility for the integrity of the Nutley student population, demonstrating character by their actions in school and the community and through their own participation, monitoring of, and presentation on codes of honor.

Communication

By June 2017, the district will have in place a detailed, efficient, and technology-based system of communication that allows for multiple avenues of information and the involvement of all stakeholders in ensuring and measuring student success.

Community

By September 2017, all students will participate in and present the learning derived from curriculum-based, service-oriented community projects that instill confidence, responsibility, and produce measureable contributions to the community.

Competency

By June 2017, students at all grade levels will demonstrate mastery of core competencies and content through performance on common assessments, development of personal learning experiences, and presentations of their personal growth and learning to a variety of suitable audiences.

Configuration

By September 2017, the school district will investigate and evaluate best practices by instructional grade span and transform the district's structure as necessary based on these findings and the district's physical, financial, and instructional realities.

Curriculum

By June 2017, the district will develop and implement a thorough, data-based process for analyzing curriculum, instruction, assessment, student performance, professional development, and resources in all curricular areas ensuring that professional practice is always current, relevant, and aligned to the most updated standards. Each curricular area will be reviewed on a, at most, five-year timeline. The results of each process will be presented publicly.
